

Bachelor's Degree, University of Nevada, Reno 1978
 Major field of study: Renewable Natural Resources (forest and range management)

Graduate level studies (15 quarter units) in forest engineering at Humboldt State University in 1981

Work History

Job Title	Employer	Dates	
Deputy Forest Supervisor on the Humboldt-Toiyabe National Forest	USDA Forest Service	8/3/2010 – 8/3/2012	
Location: (State, City, Country) Reno, NV			
<i>Duties include leadership and management, directly under the Forest Supervisor, of two national forests in Nevada totaling 6.2 million acres of national forest lands including 10 ranger districts. Included collaboration skills with local communities, county boards of supervisors/commissioners, local city governments, in addition to leading employees of the Forest.</i>			
Forest Supervisor (Acting) on the Ashley National Forest	USDA Forest Service	10/2011 – 2/10/2012	
Location: (State, City, Country) Vernal, Utah			
<i>Duties include leadership and management of the national forest lands on the Ashley National Forest including 3 ranger districts and congressionally designated Flaming Gorge National Recreation Area. Included collaboration skills with local communities, county boards of supervisors/commissioners, local city governments, in addition to leading employees of the Forest.</i>			
National Forest Headquarters Specialist in NEPA, Appeals, Litigation and Appeals.	USDA Forest Service	7/2006-7/2010	
Location: (State, City, Country) Washington, DC			
<i>I resolved many contentious issues between the national forest of the country and the Chief of the Forest Service including Environmental Impact Statements (under the National Environmental Policy Act (NEPA), National Forest Plans and Regulations, preparing briefing papers for congressional members, and ultimately preparing recommended decisions for the Chief at the national level of the Forest Service. I accomplished this through respect, listening, and consensus and informed decisions.</i>			

Forest Recreation Staff Officer, Inyo National Forest	USDA Forest Service, Inyo National Forest	1997-2006
Location: (State, City, Country) Bishop, California		
<i>Provided advice and counsel to the Forest Supervisor, District Rangers and fellow staff officers regarding recreation management issues, including Mammoth Mountain Siki Area, Mono Lake National Scenic Area and Mt. Whitney. I was a key member of the Forest Leadership Team in management of the Inyo National Forest.</i>		

District Ranger, White Mountain Ranger District.	USDA Forest Service, Inyo NF	11/1988-11/1997
Location: (State, City, Country) Bishop, California		
<i>I provided direction and leadership for natural resource management and environmental planning programs on the Inyo National Forest. I built a strong, interactive environment and open communication with both my staff and the public, permit holders, and recreationists.</i>		

Director	Bishop Area Chamber of Commerce and Visitor Bureau	1996 - 1999
Location: (State, City, Country) Bishop, California		
<i>Served as a Director on the Chamber of Commerce Board, an elected position, while serving as the District Ranger on the Inyo National Forest.</i>		

Forester and District Resource Officer	USDA Forest Service, Klamath National Forest	4/1980 – 11/1988
Location: (State, City, Country) Fort Jones, Klamath River and Yreka, California		
<i>I provided direction and leadership for natural resource management and environmental planning programs on the Klamath National Forest under the direction of the District Ranger. I built a strong, interactive environment and open communication with both my staff and the public, permit holders, and recreationists.</i>		

Forestry Technician	USDI, Bureau of Land Management	3/1979 – 3/1980
Location: (State, City, Country) Elko, Nevada		
<i>Conducted field pinyon-juniper surveys in northeastern Nevada providing accurate data for the Bureau of Land Management Wells Resource Area.</i>
