SUMMARY

Recommendation to approve the purchase of three (3) new 2024 Ford F250 Crew Cab 4X4 trucks for the purpose command staff use, in the amount of \$63,425 per vehicle, a total purchase price of \$190,275 using Joinder Nevada State Contract Bid #99SWC-S1495 pricing

PREVIOUS ACTION

April 6, 2021, the Board of Fire Commissioners approved the Truckee Meadows Fire Protection District's Fleet Replacement Schedule.

May 21, 2024, the Board of Fire Commissioners approved the Fiscal Year 2024-2025(FY 24/25) budget which included funding for command staff vehicles.

BACKGROUND

The District responds to emergency calls, wildland fires, arson investigations, completes safety inspections and travels to areas throughout the District and the County to conduct training and regular district business. The vehicles being requested will replace existing vehicles that are aging and nearing end of useful service life so that current and future needs of the fire department can be met. These needs include off-site assignments and daily functions of command staff and general staff.

While we are still experiencing delays in delivery stemming from the COVID-19 pandemic, fleet ordering has been inconsistent and windows of opportunity to place orders have been limited.

Because of the delays and extended lead times, staff is requesting authorization so an order can be placed as soon as possible.

The District is joining in the State of Nevada Contract Bid #99SWC-S1495 as allowed by NRS 332.195.

FISCAL IMPACT

The District's estimated cost of \$190,275 has been budgeted within the Fiscal Year 2024-2025 Capital Fund for the purchase of these vehicles.

RECOMMENDATION
