Summary for April 2025

April 11: TMFR Firefighters quickly knocked down a structure fire on the 100 block of 5th Ave. in Sun Valley. No injuries reported. Heavy debris and items made entry difficult.

April 18: TMFR Crews knocked down a structure fire on the 17000 block of E. Aspen Circle in Cold Springs. Single occupant was transported to the hospital for smoke inhalation.

April 29: TMFR responded to a structure fire in the 3900 block of Aspen Hollow (near ArrowCreek). Crews accessed the structure but were pulled back due to a roof collapse. Crews continued to make entry until they transitioned to defensive firefighting operations, fighting the fire from the structure's exterior to protect exposures and prevent fire spread. The fire was contained to the structure of origin. No further structures were damaged. Three adult occupants were inside the residence at the time of the fire; one patient was transported for smoke inhalation, one remained on scene, and one is deceased. The cause of the fire is under investigation.
