SCOPE OF WORK - TEMPLATE

SOR 3 Year 2

Provider: Washoe County Sheriff's Office

Purpose/Time and Brief Description of the proposed Program/Project: Develop and implement a comprehensive plan to reduce the risk of overdose death and enhance treatment and recovery service engagement among approximately 50% of the pretrial and post-trial populations leaving jail.

Problem Statement: Jails have become a revolving door for individuals struggling with mental health and substance use disorders. More than 10 million individuals pass through jails around the country annually, with at least half of those individuals having substance use disorders, half of who are opioid abusers. Individuals suffering with mental health and substance use disorders come in and out of the jail, with arrests, incarceration, and release to the community, where the abuse restarts and the cycle continues when they commit another crime. Jails not only oversee individuals struggling with substance abuse disorders and withdrawal but are also in a unique position to initiate treatment in a controlled, safe environment. In 2017, the nation's sheriffs resolved to support the most current, evidence-based substance use disorder treatment within their jails to respond to the opioid and drug epidemic.

Goal 1: Administer a fully operational Opioid Treatment Program / Narcotics Treatment Program within the confines of the Washoe County Sheriff's Office Detention Facility.

Outcome Objective 1: Increase program participation and effectiveness.			
Activities including Evidence-based Programs	Staff Responsible (This must match the time allocation for staff listed in	Date Due By	Documentation provided in progress reports

	the budget). If only FFS, N/A.

2. Screen all entering inmates for program		8/31/2024	
3. Induce or continue an estimated 35 unduplicated participants on MOUD		8/31/2024

Attend 2023 RX Illicit Drug Summit.		5/1/2024	Up to 30 new personnel will be trained on tools and assessment referral procedures. Updated personnel files with certificate of completion. Travel documents and summary of project assessment.
Evaluation: Note: All sub awardee organizations will be required to submit monthly progress reports by the 5th of the following month. Additionally, all organizations providing treatment and/or recovery support services will need to complete the SOR Client-Level Data Collection Tool at baseline, six-month follow-up, and discharge for all clients served with funding and report data. The Tool is estimated to take 30 minutes to complete. To see the types of questions included in the tool, visit https://www.samhsa.gov/grants/gpra-measurement-tools/csat-gpra/csat-gpra-discretionary-services. Data will be maintained by the Detention Services Unit and Medical provider when appropriate. Monthly data and progress report to CASAT.			

Goal 2: Continued addiction recovery success for participants identified with Opioid Use Disorder.

Outcome Objective 2: Increase provider coordination and partnership with services providers post incarceration.

The Department or Subrecipient may amend this Agreement at any time provided that such amendments make specific reference to this Agreement, and are executed in writing, and signed by a duly authorized representative of both organizations. Such amendments shall not invalidate this Agreement, nor relieve or release the Department or Recipient from its obligations under this Agreement.
 - The Department may, in its discretion, amend this Agreement to conform with federal, state or local governmental guidelines, policies and available funding amounts, or for other reasons. If such amendments result in a change in the funding, the scope of services, or schedule of the activities to be undertaken as part of this Agreement, such modifications will be incorporated only by written amendment signed by both the Department and Subrecipient.
3. Either party may terminate this Agreement at any time by giving written notice to the other party of such termination and specifying the effective date thereof at least 30 days before the effective date of such termination. Partial terminations of the Scope of Work in Section B may only be undertaken with the prior approval of the Department. In the event of any termination for convenience, all finished or unfinished documents, data, studies, surveys, reports, or other materials prepared by the Recipient under this Agreement shall, at the option of the Department, become the property of the Department, and the Recipient shall be entitled to receive just and equitable compensation for any satisfactory work completed on such documents or materials prior to the termination.
 - The Department may also suspend or terminate this Agreement, in whole or in part, if the Subrecipient materially fails to comply with any term of this Agreement, or with any of the rules, regulations or provisions referred to herein; and the Department may declare the Subrecipient ineligible for any further participation in the Department's grant agreements, in addition to other remedies as provided by law. In the event there is probable cause to believe the Subrecipient is in noncompliance with any applicable rules or regulations, the Department may withhold funding.
