35. Terms And Conditions

SPECIAL TERMS AND REQUIREMENTS

1. **Termination.** This award is subject to the termination provisions at 2 C.F.R. 200.340. Pursuant to 2 C.F.R. 200.340, the recipient agrees by accepting this award that continued funding for the award is contingent upon the availability of appropriated funds, recipient satisfactory performance, compliance with the Terms and Conditions of the award, and to the extent authorized by law, a decision by the agency that the award continues to effectuate program goals or agency priorities.

Assurance of Compliance. The applicant hereby agrees that it will comply with the Title VI of the Civil Rights Act of 1964, as amended (codified at 42 U.S.C 2000d *et seq.*), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 84); Title IX of the Education Amendments of 1972, as amended (codified at 20 U.S.C § 1681 *et seq.*), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R. Part 86); The Age Discrimination Act of 1975, as amended (codified at 42 U.S.C. § 6101 *et seq.*), and all requirements imposed by or pursuant to the Regulations of the Department of Health and Human Services (45 C.F.R. Part 91); and Section 1557 of the Patient Protection and Affordable Care Act, as amended (codified at 42 U.S.C. § 18116), and all requirements imposed by or pursuant to the Regulation of the Department of Health and Human Services (45 C.F.R Part 92).

2. OASH Priorities are available at <https://health.gov/priorities>
3. **Grants Policy Statement October 2025 Update.** HHS published the updated Grants Policy Statement ([GPS](#)) with an effective date of October 1, 2025. The updated GPS applies to all OASH awards as of its effective date. The GPS update does not apply retroactively to actions or activities prior to its effective date.
4. **Replacement of Prior Terms, Conditions, and Requirements.** Terms, conditions, and requirements have been updated to align with the HHS transition from 45 CFR part 75 to 2 CFR part 200 effective October 1, 2025, as described in the [Interim Final Rule](#) published October 2, 2024, in the Federal Register.

Effective with the start of the budget period on this Notice of Award, all prior terms, conditions, and requirements are removed and replaced with the revised terms, conditions, and requirements in this Notice of Award to align with 2 CFR part 200 and 2 CFR part 300.

5. **Authorized Carryover of Unobligated Balance.** The authorized carryover amount in line 21 of this Notice of Award is the maximum amount authorized based on your report of unobligated funds from a prior budget period. Carryover amounts do not add to the total authorized (line 27); they are funds re-authorized from a previous budget period(s) for expenditure during the current budget period.

Should additional unobligated funds exist after you have liquidated costs for the prior budget period (i.e., you underestimated the unobligated balance), you must seek prior approval to expend those additional funds. For example, if you provided an estimate of \$5,000 in unobligated funds but the actual unobligated amount was \$6,000 at the end of the budget period, you must receive prior approval from the grants management officer to carryover the \$1,000 additional unobligated balance.

Should the unobligated balance be determined to be less than the amount authorized in line 21 (i.e., you overestimated the unobligated balance), you are only authorized to spend the actual amount of the unobligated balance. For example, if you provided an estimate of \$5,000 in unobligated funds but the actual amount was \$4,000 at the end of the budget period, you may only expend \$4,000 as carryover. The \$1,000 difference is unobligated from the previous period and is not available for carryover. OASH is not liable should your expenditures exceed the actual amount available.

6. **Offset of Unobligated Balance.** If the value on line 22 is non-zero, this Notice of Award provides an offset of the unobligated balance from your previous budget period(s) to the budget period authorized by this award. The amount is based on your report of unobligated funds from a prior budget period.

The total approved budget is a combination of offset funds from prior year(s) and new funds. The amount of the offset is not reclaimable in future budget periods nor is it appealable. If the final reconciliation of your previous budget period(s) or resolution of an audit determines that the unobligated balance differs from this amount (e.g. you estimated \$5,000 in unobligated funds when the actual amount was \$4,000), OASH is not obligated to make additional Federal funds available.

7. **Budget Period and Continuation Awards.** This award is for the budget period noted on line 19. Continuation awards may be awarded for up to 12 months at a time, ending at the project period end date on line 26. Costs for activities during a budget period should be liquidated within 90 days of the end of that budget period.

As the recipient, you must submit a continuation application for review each budget period for a continuation award. This will typically consist of an updated detailed workplan for the next budget period and a detailed budget with justification. Your performance progress reports (PPR) will be considered along with the continuation

application. The program officer will provide continuation application instructions through Grant Solutions. OASH must approve that application for you to receive continued support for that year.

Pursuant to [42 CFR 59.8](#), decisions regarding continuation awards and the funding level of such awards will be made after consideration of such factors as project progress and management practices, and the availability of funds. In all cases, continuation awards require a determination by HHS that continued funding is in the best interest of the government.

- 8. Proposed Vehicle Purchases Require Further Justification Before Approval.** No mobile health unit(s) or other vehicle(s), even if proposed in the application for this award, may be purchased with award funds without prior written approval from the grants management officer. Requests for approval of such purchases must include a justification with a cost-benefit analysis comparing, at a minimum, purchase and lease options. Such requests must be submitted as a Budget Revision Amendment in Grant Solutions.

Any vehicle purchases approved will be subject to the applicable equipment disposition requirements in [2 CFR 200.313](#) using the definition of equipment in [2 CFR 200.1](#).

9. Title X Family Planning Services Program-Specific Requirements.

A. Applicability of Program Statute and Regulations.

In accepting this award, you stipulate that the award and any activities thereunder are in compliance with the requirements regarding the provision of family planning services in the statute (Title X of the Public Health Service (PHS) Act, 42 USC Section 300 et seq.) and the implementing regulations ([42 CFR Part 59, Subpart A](#)). Pursuant to the Title X statute and regulations, your family planning project is prohibited from providing abortion as a method of family planning ([42 USC 300a-6](#) (Section 1008, PHS Act); [42 CFR 59.5\(a\)\(5\)](#)). In addition, sterilization of clients as part of the Title X program must be consistent with [42 CFR Part 50, Subpart B](#).

Title X Priorities include all the legal requirements covered within the Title X statute, regulations, and legislative mandates. This award is subject to all provisions of those statutes, regulations, and legislative mandates currently in effect now or implemented during the period of performance as of their effectiveness date.

B. Use of Program Income.

Program income funds [2 CFR 200.307](#) must be used for the purposes of this award during the period of performance. Line 28 "Authorized Treatment of Program Income" on this Notice of Award (NoA) indicates that program income must be used according to "E. Other (See Remarks)."

For Title X Family Planning Service grants, "Other" means you may apply program income toward your cost sharing requirement on Line 24. Thus, your cost sharing obligation toward the non-federal share of the scope of project may be met through a combination of program income (fees, premiums, third-party reimbursements which the project may reasonably expect to receive), as well as State, local and other operational funding, as defined in your approved application and approved budget.

Program income may be applied toward the cost share requirement until the commitment on Line 24 is met. Program income not applied toward cost share commitment must be used to further the project objectives using the additive method [2 CFR 200.307\(b\)](#). The program income amount applied to cost sharing must be reported under the heading "Recipient Share" on the Federal Financial Report (FFR, see Reporting) as part of your non-federal share of the project. Program income not applied to meeting the cost share commitment must be reported under "Program Income" on the FFR.

Regardless of whether you apply program income to meet your cost sharing commitment, the amount of

the Federal funds awarded stays the same.

C. Service Site Database.

In order to maintain an accurate record of current Title X service sites, you are required to tell the Office of Population Affairs (OPA) of any deletions, additions, or changes to the name, location, street address, email address, services provided on-site and contact information for service sites supported as part of this award. OPA's database will also be used to verify eligibility for 340B program registration and recertification. You must enter your changes to the Title X database within 30 days from the official approval of the change at <https://www.opa-fpclinicdb.com/>. This does not replace the prior approval requirement under HHS grants policy for changes in project scope, including clinic closures.

If the addition or deletion of a service site results in a change in the service area covered by the project, this would be a change in scope requiring prior approval by the grants management officer.

D. 340B Program Participation.

If you or your sub-recipient(s) enrolls in the 340B Program, you must comply with all 340B Program requirements. You may be subject to audit at any time regarding 340B Program compliance. 340B Program requirements are available at <https://www.hrsa.gov/opa/program-requirements>.

E. Family Planning Annual Report (FPAR).

You must collect and report data on an annual basis using FPAR. You must collect all FPAR data and report to OPA on an annual basis (OMB# No. 0990-0479, expires 02/28/2025, renewal pending).

F. Program Evaluation Participation.

If selected, you must participate in OPA research and evaluation activities and must agree to follow all evaluation protocols established by OPA or its designee.

G. National Grantee Meetings.

The Title X National Grantee Meeting is typically held in late Summer or early Fall of odd number years in the Washington, DC metro area. You are encouraged to send up to three individuals to the meeting. This meeting is for individuals from the grantee organization only. Travel expenses are allowable consistent with [2 CFR part 200, subpart E](#).

STANDARD TERMS

1. **Accepting the Award.** You accept the terms and conditions of this award in their entirety by drawing or otherwise obtaining funds for the award from the grant payment system (currently the HHS [Payment Management System](#) (PMS)).

We expect that you will make your first drawdown of funds within the first 30 days of the budget period. If you have not drawn any funds within that period, we may contact you to obtain your written confirmation of your acceptance of the award as issued or your declination of the award.

By accepting this award, you agree to the prudent management of all expenditures and actions affecting the award, including the monitoring of all subrecipients. You also agree to comply with all applicable federal requirements for grants and cooperative agreements, and all terms, conditions, and requirements outlined in this Notice of Award.

2. **Recipient Responsibilities.** As the recipient of this award, you have full responsibility for the conduct of the project or activity supported under this award and for

Office of the Secretary

Award# 5 FHPA006601-05-00

FAIN# FHPA006601

Federal Award Date: 03/31/2026

adherence to all award terms and conditions, statutory, regulatory, or policy requirements applicable to grants and cooperative agreements as of their effective date. The approved project or activity is described in the application for this award subject to any OASH grant management officer (GMO) approved amendments. Approval of the project does not waive or negate any statutory, regulatory, or policy requirements applicable to federal grants and cooperative agreements.

We encourage you to seek the advice and opinion of the Federal Project Officer (FPO) (Box 10) and Grants Management Specialist (GMS) (Box 9) on special problems that may arise. However, such advice does not diminish your responsibility as the recipient for making sound programmatic and administrative judgments and does not imply that the responsibility for operating decisions has shifted to HHS, OASH, or the program office.

Failure to meet these responsibilities and maintain compliance with requirements may result in administrative action such as disallowance of funds, drawdown restrictions, suspension, or termination. Should OASH decide to terminate the award prior to the end of the period of performance based on a material failure to comply with the terms and conditions of the award, OASH must report the termination to the government-wide integrity and performance system (now in [SAM.gov](https://www.sam.gov) under responsibility/qualification information).

3. Compliance with Requirements. Specifically, you must comply with:

- All terms and conditions contained in this Notice of Award.
- Award policy terms and conditions contained in the applicable Department of Health and Human Services (HHS) Grant Policy Statement ([GPS](#)) and its subsequent updates as of their effective date.
- All requirements imposed by applicable program statutes and regulations, and HHS grant administration regulations, including any updates or revisions to these requirements as of their effective date. This includes compliance with all applicable statutes and regulations listed in the Representations and Certifications of your SAM registration, which must be active during the award.
- Requirements or limitations in any applicable appropriations acts as of their effective date, (e.g., Salary Limitation).

4. Use of Grant Solutions. Grant Solutions is our official web-based grants management system. OASH will use it to manage your grant throughout its life cycle except for financial activities. Use of the HHS Payment Management System (PMS) is required for financial functions such as drawing award funds and submitting FFRs. All award-related requests and submissions must be submitted through Grant Solutions unless otherwise directed. See Special Terms and Conditions for any exceptions such as a programmatic data collection system approved by OMB that are outside of the Grant Solutions platform.

Contact Grant Solutions [User Support](#) to establish an account if you do not have one. Your Grants Management Specialist (Box 9) may create a Grant Solutions account for your Authorized Official and Program Director/Principal Investigator roles only. Financial Officer accounts may only be established by GrantSolutions staff. All account requests must be signed by the prospective user and their supervisor or other authorized organization official.

Grant Solutions is a role-based system in which a user's role determines the permissions and functions available. As an organization, you may assign additional personnel to the roles you choose. You bear all risk and responsibility for the roles you assign to those individuals. Multiple individuals may have the same role. For example, more than one person may be assigned a PD/PI role in Grant Solutions to perform functions such as uploading reports and other documents requiring that level of access. However, assigning someone a role does not constitute a change in PD/PI that otherwise requires Grants Management Officer prior approval.

OASH recognizes only the named AO and PD/PI on the Notice of Award for official purposes such as requesting amendments or changes to the award.

5. Prior Approval Requirements. Certain changes to the project, its assigned personnel, and all terms and conditions of this award require the prior written approval from the Grants Management Officer (GMO). Requests for such approvals or any other modification of the terms of this Notice of Award (NOA) must be submitted as an Amendment Request in Grant Solutions.

Your Authorizing Official (AO) (Box 8) and/or Project Director/Principal Investigator (PD/PI) (Box 7) must sign all amendment requests for actions requiring prior approval. A request to change the PD/PI requires the signature of the AO.

No expanded authorities are granted under this award. Prior approval is required for [2.CFR 200.308\(f\)-\(g\)](#):

- Change in the scope or objective of the project (even if there is no associated budget revision).
- Change in PD/PI or PD/PI's disengagement from the project for more than three months, or a 25 percent reduction in time and effort devoted to the project.
- Change in key personnel (including employees and contractors).
- Inclusion of costs that require prior approval in [subpart E, Cost Principles](#).

Federal Award Date: 03/31/2026

- Transfer of funds budgeted for participant support costs to other budget categories.
- Subaward activities not proposed in the application and approved. A change of subrecipient requires prior approval if there is a transfer of substantive project effort. This requirement does not apply to procurement transactions for goods and services.
- Changes in the total approved cost-sharing amount.
- Additional Federal funds to complete the project.
- No-cost extension (meaning an extension of time that does not require the obligation of additional Federal funds) of the period of performance.
- Carry-over of unobligated balance (UOB) from a prior budget period.
- Transfer of funds among direct cost categories (e.g., personnel, travel, and supplies) or programs, functions, and activities when the Federal share of the award exceeds the simplified acquisition threshold (currently \$350,000) and the cumulative amount of a transfer exceeds or is expected to exceed 10 percent of the total budget, including cost share, as last approved by the Federal agency.

Prior approval is effective when the GMO issues a new NOA. No other signature will constitute a valid approval of the request. If you act in reliance on a response from any other federal officials or individuals, you do so at your own risk. Such responses will not be considered binding by or upon any OASH office or HHS component. Acting without prior approval may lead to cost disallowance or other corrective action. The GMO is not obligated to provide retroactive approvals. You should expect prior approval request decision within 30 days of submission of a complete request.

Notice Requirements. Any notices or other correspondence not relating to a prior approval item should be uploaded to Grant Messages within Grant Solutions. Items that require notice only and not prior approval include a change in your AO, phone, or email address.

If your AO has changed, an official with the authority to designate a representative must provide notice of the change in AO on letterhead with a signature.

All correspondence submitted outside of Grant Solutions must include the Federal Award Identification Number (FAIN) and signature of the AO and/or the PD/PI to avoid delays.

6. Standards of Conduct and Conflicts of Interest. Per the HHS Grant Policy Statement ([GPS](#)), updated and in effect as of October 1, 2025, you must maintain written standards of conduct covering conflicts of interest. Individuals affiliated with a recipient organization cannot participate in the selection, award, or administration of a contract supported by a federal award if they have a real or apparent conflict of interest with:

- Employees
- Officers
- Agents
- Board Members
- Immediate family members, spouses, or partners
- Potential employer

These individuals are prohibited from soliciting gratuities, favors, or anything of monetary value from subrecipients. However, you may set standards for situations where financial interest is not substantial, or the gift is an unsolicited item of insignificant value. These standards of conduct must be applied for violations of the standards by officers, employees, board members, or agents of the organization.

If your organization is part of a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, you are required to have an organizational conflict of interest policy.

7. Intangible Property and Data Rights. Intellectual property and data you produce or collect with award funds are subject to the following:

1. Data [2 CFR 200.315\(d\)](#). The federal government has the right to: 1) Obtain, reproduce, publish, or otherwise use the data produced under this award; and 2) Authorize others to receive, reproduce, publish, or otherwise use such data for federal purposes.
2. Copyright [2 CFR 200.315\(b\)](#). You may copyright any work that is subject to copyright and was developed, or for which ownership was acquired, under a federal award. The HHS awarding agency reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so.
3. Patents and Inventions [2 CFR 200.315\(c\)](#). You are subject to applicable regulations governing patents and inventions, including government- wide regulations issued by the Department of Commerce at [37 CFR part 401](#).

8. Acknowledgement of Federal Grant Support. When issuing statements, press releases, publications, requests for proposal, bid solicitations and other documents --such as toolkits, resource guides, websites, and presentations (hereafter "statements")— describing the projects or programs funded in whole or in part with U.S. Department of Health and Human Services (HHS) federal funds, **you must clearly state:**

1. the percentage and dollar amount of the total costs of the program or project funded with federal money; and,
2. the percentage and dollar amount of the total costs of the project or program funded by non-governmental sources.

The federal award total must reflect total costs (direct and indirect) for all authorized funds for the total award up to the time of the public statement.

When issuing statements resulting from activities supported by this award, you must include an acknowledgement. Whenever possible, your acknowledgement should include the Federal Award Identification Number (FAIN) that appears on line 12 of this NOA.

The [GPS](#) has sample acknowledgement statements for two different cases: 1) when the project is 100% funded through this award; or 2) when the project is funded partially by this award and with other funding sources, including any cost share.

For documents with space limitations (e.g., postcards) you may instead provide link or QR code that will lead to a compliant acknowledgement statement.

If you plan to issue a press release concerning the outcome of activities supported by this financial assistance, you should notify the federal project officer and the grants management officer in advance with sufficient time to allow for coordination.

9. Project Participants or Beneficiaries Eligibility. You must not restrict participation in the project on the basis of race, color, national origin, religion, sex, disability, age or another protected characteristic.

10. Travel costs. The allowability of travel costs is subject to [2 CFR 200.475](#). This Notice of Award approves travel costs for award-related purposes that are described in the application or approved amendment requests. Generally, you should follow your organization's written travel policy subject to any exclusions or prohibitions on costs in [2 CFR part 200, subpart E](#).

This Notice of Award does not provide approval for international travel (i.e., travel outside the 50 United States and its territories and possessions described in the application). OASH requires review and prior approval of international travel. You should allow sufficient time for program and grants management review of the request, typically 30 days prior to the obligation of funds for the travel. Travel must be reasonable and necessary to the conduct of the project.

The Fly America Act applies to this award. ([49 USC 40118](#) as implemented by [41 CFR 301-10.131 – 301-10.143](#)).

11. Promoting Efficient Spending. Any activities approved by this award are subject to the [HHS Policy on Promoting Efficient Spending](#) and its associated attachments.

- Attachment 1: [Use of Appropriated Funds for Conferences and Meetings](#).
- Attachment 2: [Use of Appropriated Funds for Food](#).
- Attachment 3: [Use of Appropriated Funds for Promotional Items](#)
- Attachment 4: [Use of Appropriated Funds for Printing and Publications](#)

12. Indirect Costs. Indirect costs are allowable subject to [2 CFR 200.414](#). Indirect costs claimed may not exceed the lower of either an amount equal to the approved negotiated indirect cost rate agreement as applied to the modified total direct costs (MTDC) or the amount indicated on this Notice of Award reflecting the lower amount you explicitly offer in the application and accepted by OASH.

Indirect costs for training awards are limited to a fixed rate of eight percent [2 CFR 300.414](#) of MTDC exclusive of tuition and related fees, direct expenditures for equipment, and subawards in excess of \$25,000.

MTDC means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$50,000 of each subaward (regardless of the period of performance of the subawards under the award). MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward in excess of \$50,000 ([2 CFR 200.1](#)).

13. Lobbying Restriction. The restrictions in [2 CFR 200.450](#) regarding costs associated with lobbying activities apply to this award.

14. Human Subjects and the Institutional Review Board (IRB). It is your responsibility as the recipient to ensure that any activities meeting the definition of human subjects research are appropriately reviewed according to the HHS human subjects protection regulations ([45 CFR part 46](#)). The Office of Human Research Protections [website](#) includes a series of decision charts to help assess whether an activity is human subjects research covered by the regulation and when an exemption may apply.

Exempt Activities. You must have clear procedures in place to determine whether the research is exempt under the HHS human subject's protection regulations consistent with the guidance provided by the Office of Human Research Protections (OHRP). 15. Records Access. Per [2 CFR 200.334](#), the HHS awarding agency, Inspectors General, the Comptroller General of the United States, and the pass-through entity, or any of their authorized representatives, must have the right of access to any documents, papers, or other records of the recipient which are pertinent to the federal award, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the entity's personnel for the purpose of interview and discussion related to such documents. Only under extraordinary and rare circumstances as described in [2 CFR 200.337\(b\)](#) would such access include review of the true name of victims of a crime.

The rights of access in this section are not limited to the required retention period but last as long as the records are retained.

16. Records Retention. Per [2 CFR 200.334](#), financial records, supporting documents, statistical records, and all other records pertinent to the award must be retained for a period of three years from the date of submission of the final expenditure report. 2. when you or your subrecipient is notified in writing by the Federal agency or pass-through entity, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs to extend the retention period
3. records for real property and equipment acquired with Federal funds must be retained for 3 years after final disposition.
4. when records are transferred to or maintained by the HHS awarding agency or pass-through entity, the 3-year retention requirement is not applicable to you.
5. Records of program income earned after the period of performance must be retained for three years from the end of your or your subrecipient's fiscal year in which the program income is earned. This only applies if this NOA requires you to report on program income after the period of performance has ended.
6. The records for indirect cost-rate computations or proposals, cost allocation plans, and any similar accounting computations of the rate at which a particular group of costs is chargeable (such as computer usage chargeback rates or composite fringe benefit rates) must be retained according to the applicable option below:

If submitted for negotiation. When a proposal, plan, or other computation must be submitted to the Federal Government to form the basis for negotiation of an indirect cost rate (or other standard rates), then the three-year retention period for its supporting records starts from the date of submission.

If not submitted for negotiation. When a proposal, plan, or other computation is not required to be submitted to the Federal Government to form the basis for negotiation of an indirect cost rate (or other standard rates), then the three-year retention period for its supporting records starts from the end of the fiscal year (or other accounting period) covered by the proposal, plan, or other computation.

the Federal Executive Pay Scale. Effective January 2026, the Executive Level II salary is \$228,000. This amount is updated annually and posted at www.opm.gov/policy-data-oversight/pay-leave/salaries-wages/.

For the purposes of the salary limitation, the direct salary is exclusive of fringe benefits and indirect costs. An individual's direct salary is not constrained by the legislative provision for a limitation of salary. The rate limitation simply limits the amount that may be charged to the grant or cooperative agreement. You may pay an individual's salary amount exceeding the salary cap with non-federal funds.

- 19. Subrecipient Monitoring.** The GPS applies to all recipients and the requirements flow down to subrecipients. You must verify that a subrecipient or contractor is not excluded or disqualified consistent with [2 CFR 180.300](#) before entering into an agreement. Your subrecipients must have a unique entity identifier from SAM.gov prior to your making an award to them [2 CFR 25.300](#).

You must have a formal written agreement with each subaward recipient. You must include applicable GPS requirements in your subaward agreements. Agreements must meet programmatic, administrative, financial, and reporting requirements. At a minimum, the subaward agreement must include the items described in [2 CFR 200.332](#). Furthermore the subaward agreement must include from the GPS ([page 59](#)):

- the PD or PI and subrecipient staff responsible for the program activity, including roles and responsibilities
- program administration and monitoring procedures

You must monitor the subrecipients' activities to ensure compliance with Federal statutes, regulations, and the terms and conditions of the subaward [2 CFR 200.332](#). This includes reviewing subrecipients' financial and performance reports and ensuring subrecipients take any corrective actions on all significant developments. You should ensure that subrecipient and contractor costs are liquidated in a timely manner (i.e., within 90 days of the end of the budget period for the activity performed [2 CFR 200.344](#)).

20. Reporting of Matters Related to Recipient Integrity and Performance. ([2 CFR part 200, Appendix XII](#))

A. General Reporting Requirement

If the total value of your active grants, cooperative agreements, and procurement contracts from all Federal agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then you as the recipient must ensure the information available in the responsibility/qualification records through the System for Award Management (SAM.gov), about civil, criminal, or administrative proceedings described in paragraph (b) of this award term is current and complete. This is a statutory requirement under section 872 of [Public Law 110-417](#), as amended ([41 U.S.C. 2313](#)). As required by section 3010 of [Public Law 111-212](#), all information posted in responsibility/qualification records in SAM.gov on or after April 15, 2011 (except past performance reviews required for Federal procurement contracts) will be publicly available.

C. Reporting Procedures

D. Reporting Frequency

During any period of time when you are subject to the requirement in paragraph (A) of this award term, you must report proceedings information in *SAM.gov* for the most recent five-year period, either to report new information about a proceeding that you have not reported previously or affirm that there is no new information to report. For purposes of this award term:

Administrative proceedings means a non-judicial process that is adjudicatory in nature to make a determination of fault or liability (for example, Securities and Exchange Commission Administrative proceedings, Civilian Board of Contract Appeals proceedings, and Armed Services Board of Contract Appeals proceedings). This includes proceedings at the Federal and State level but only in connection with the performance of a Federal contract or grant. It does not include audits, site visits, corrective plans, or inspection of deliverables.

Conviction means a judgment or conviction of a criminal offense by any court of competent jurisdiction, whether entered upon a verdict or a plea, and includes a conviction entered upon a plea of nolo contendere.

Total value of currently active grants, cooperative agreements, and procurement contracts includes the value of the Federal share already received plus any anticipated Federal share under those awards (such as continuation funding).

F. Disclosure Requirements.

Consistent with [2 CFR 200.113](#), applicants, recipients, and subrecipients must disclose, in a timely manner, all information related to violations of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations potentially affecting the Federal award.
