## **BACKGROUND**

Historically, Nevada's mental health services have not been well coordinated, creating a situation where the largest mental health provider is typically the local jail. The intent of this position is to bring coordination to the local level in partnership with the state, allowing Washoe County to identify key issues and coordinate resources.

Funding for this sub-grant award is through the Community Mental Health Block Grant (MHBG) and Substance Abuse Prevention, Treatment and Recovery Services (SUPTRS)

Block Grant. The objective of the MHBG is to support grantees in carrying out plans to improve behavioral health in Washoe County. SUPTRS provides funding to prevent and treat substance use.

The staff position supported by this funding collaborates with community partners to implement initiatives identified by the State and County designed to address mental health challenges and substance use disorder. Further responsibilities include providing staff support to the Washoe Regional Behavioral Health Policy Board to fulfill the responsibilities of the Board as outlined in NRS 433.429.13.

The Agency received the last of the two Notices of Award in December 2025 with an effective date of Oct. 1, 2025; therefore, the request to accept this award is retroactive.
