THROUGH: Justin Roper, Chief

SUBJECT: Recommendation to retroactively accept an extension and additional funding related to the Bureau of Behavioral Health Wellness and Prevention Sub-Award from the Department of Health and Human Services, Division of Public and Behavioral Health in the amount of [\$174,084.00; \$4,420.00 indirect; no County match required] to be used to pay for the remainder of FFY23 grant period extended to September 30, 2023, for the Department of Alternative Sentencing Support in Treatment, Accountability and Recovery (STAR) program for the retroactive grant period of April 1, 2022 – September 30, 2023, and if approved authorize Chief Roper to execute grant award documents. (All Commission Districts)

SUMMARY

The Washoe County Board of County Commissioners must accept grants and approve amendments to the adopted fiscal year budget and direct the Comptroller's Office to make the necessary budget amendments.

This additional funding is received from the State of Nevada Department of Health and Human Services, Division of Public and Behavioral Health to support the Department of Alternative Sentencing Support in Treatment, Accountability, and Recovery (STAR) program for the remainder of Federal Fiscal Year 2023 in the amount of \$178,504.00 (\$174,084.00 direct and \$4,420.00 indirect) additional funding. Total funding for this project is \$617,991.00, of which \$439,487.00 was approved by the Board on 7/19/22.

Washoe County Strategic Objective supported by this item: Vulnerable Populations.

PREVIOUS ACTION

On July 19, 2022, the Board accepted Item #8, a sub-award from the Department of Health and Human Services, Division of Public and Behavioral Health for the amount not to exceed \$439,487.00 to be used to pay for the establishment of the Department of Alternative Sentencing Support in Treatment, Accountability and Recovery (STAR) program for the retroactive grant period of April 1, 2022 – February 28, 2023.

BACKGROUND

AGENDA ITEM # _____

The Support in Treatment, Accountability, and Recovery program initiative was implemented in October last year in an effort to provide probationers and pretrial releasees supervised by the Department of Alternative Sentencing (DAS) with the wrap-around support necessary to successfully address foundational causes of opioid use disorder, as well as underlying criminogenic behaviors.

Since its inception, the STAR program team has made 66 referrals to Medication Assisted Treatment (MAT) services, conducted 147 counseling sessions, 121 journaling sessions, more than 235 home visits, and over 1,600 peer contacts. The STAR program received 96 referrals in its first seven months and had a full caseload of 25 participants within six months of launching the program. Data for drug testing results in the first six months of programming shows a 27% increase in participants' compliance rate for taking ordered drug tests, and a 77% decrease in positive drug test results with STAR participants. STAR utilizes the *Courage to Change* interactive journaling series by The Change Companies, an evidence-based, cognitive-behavioral therapy curriculum aimed at addressing participants' addiction and criminogenic thinking. Preliminary pre-test/post-test data for interactive journaling with STAR participants shows a 28% increase in understanding journal content.

The State extended the end date of the original grant from February 28, 2023 to September 30, 2023 under Amendment #1, this funding is to cover STAR program expenses for the extended months that the original grant award was not sufficient for. The original award was approved by the Board on July 19, 2022 in the amount of \$439,487.00. This additional funding award of \$174,084.00 direct and \$4,420.00 indirect will bring the total award for Year 1 of this project to \$617,991.00.

Reason for retroactive submittal: Item was submitted to the first available BCC meeting once the extended award funding document was received and processed.
