☒ General Public

Please tell us about yourself and why you want to serve.

Why are you interested in serving on this board or commission?

I have been an avid hunter and angler my whole life, introduced like many by my father. I think that the preservation of both game species and the outdoor way of life is extremely important. It is vital that Washoe County's positions concerning the management of its wildlife as well as governing laws are equitably balanced between the health of all game and fish species and the people who pursue them. I believe the CAB needs to provide clear and concise communication to the Nevada Wildlife Commission, and hold them accountable for decisions that are made that could potentially harm Washoe County's wildlife goals. Therefore, the reason that I am interested in serving on this board is to put action towards upholding these personal beliefs.
